

ARE YOU A PODIATRIST SUFFERING FROM MONDAYITIS?

WE'RE HIRING!

Our mission is to cure you of those Sunday night blues and make Mondayitis a thing of the past.

Our biomechanics-focused clinic has a structured internship program with a big focus on training. And if you have a passion project, we'll support you to do further training.

WHY YOU SHOULD JOIN OUR TEAM?

You want a supportive and structured start to your career.

You're interested in joining a biomechanics-focused practice.

You're keen to learn how to use cutting-edge therapies – we have them all!

We're a team of life-long learners.

It's Canberra!!
Clean air,
great cafes,
the snow!

You'll be supported with your own podiatry assistant.

THIS OPPORTUNITY

- Learning new mobilisation, video gait analysis, shockwave, 3D orthotics scanning and needling techniques.
- An attractive performance-based bonus scheme with no upper limit.
- Base salary range between \$65K – \$80K plus a 35% bonus each week.
- Being part of a team that loves working together, in a fun and encouraging environment. Our culture is everything to us – our values are growth, happiness, over-deliver, we care and team first.
- 28 days leave a year.
- Sick pay.
- No nursing home visits. No outreach appointments.
- Our only on-going Medicare appointments are for biomechanical issues.
- We love birthdays. Have a complimentary day off for your birthday!
- No working between Christmas and New Year.
- Paid admin breaks.
- Support from a podiatry assistant who will clean your room, rebook your patients, send your reports, and ensure your room is stocked with supplies.
- Full-time admin and practice manager support.
- Weekly clinical meetings to learn from each other and discuss patient outcomes.
- Encouragement to follow your passion project, with an annual budget for training.
- Free on-site parking.
- Social and team building events.

Canberra has a great culture with cafés, restaurants, bars, hiking, sport and we're close to the snow.

If you're a new or recent graduate, this is your opportunity to develop your skills and confidence as part of a fun and supportive team.
